**Montréal, 8-22-2016 | The NO SHOW MUSEUM** never tires of spreading nothing across the world! Make sure not to miss any of our next exhibitions:

**8-24, 2016 | NOTHING @ DIE DIELE, ZURICH** | The NO SHOW MUSEUM has the honor to perform the very last exhibition at the DIELE, arguably Zurich's most unconventional and innovative art institution. For this special occasion, no effort will be spared to send nothing over from Canada to Zurich with telepathic as well as telekinetic methods. It will be exhibited until the 6 September, before the art venue is going to close its display windows forever. To ensure that the exhibited nothing won't be disturbed by the presence of the curator, he will personally not attend the opening reception nor the exhibition at any time of the show. | Opening reception 8-24, 6 PM

**8-25, 2016 | NOTHING IS IMPOSSIBLE @ EBA GALLERY, OTTAWA** | A very special evening dedicated to the beauty of nothing and its various manifestations in the arts and science, in cooperation with LPM Projects and PDA Projects. With guest contributions and talks by Brendan A. di Montigny, Artist and Gallery Owner, Dana Danielson, Researcher in biochemistry and structural biology, and Andrew Morrow, Artist and Professor of Painting, Ottawa University | Opening Reception 8-25, 6 PM

**8-28, 2016 | NOTHING BY CLAES OLDENBURG @ NATIONAL MALL, WASHINGTON D.C.** | Until today the Proposed Underground Memorial and Tomb for President John F. Kennedy (1965) by Claes Oldenburg is one of the most impressive works that has never been realized. In memory of this masterpiece, nothing by Claes Oldenburg will be permanently exhibited in the National Mall. The exhibition is open to the public and 24 hours a day accessible. Opening Reception 8-28, 6 PM

Moreover, an upcoming NO SHOW MUSEUM exhibition at the renowned CCA CENTER FOR CONTEMPORARY ARTS in Santa Fe has been confirmed for 10-6, 2016.
